ZEEBON SIGNS

Pylon Signs

Pylon signs are freestanding landmarks engineered for long-range visibility on busy roads and plazas. We design and build single- or double-sided cabinets, multi-tenant stacks, and illuminated options—sized for sightlines, vehicle speeds, and local bylaws.

Key benefits:

- High visibility for drivers on arterials and highways
- Custom heights, cabinet sizes, and single/double-pole structures
- Multi-tenant configurations with changeable tenant panels
- LED-lit faces for day/night impact with low maintenance
- Engineered footings and structures for Canadian wind/snow loads
- Turnkey permitting, utility locates, and service access for maintenance

Digital LED Displays

Digital LED boards deliver dynamic, programmable messaging you can update in seconds—from promotions to community notices. We pair the right pixel pitch with cabinet size, then set up cloud control, scheduling, and auto-dimming to meet local bylaws and ambient light.

Key benefits:

- Instant content updates; playlists with day-part scheduling
- Full-color text, images, and simple animations for high engagement
- Ambient light sensors and auto-dimming for night/overcast conditions
- Weather-rated, front-serviceable cabinets for easy upkeep
- Cloud management from desktop or phone; multiple users/locations
- Designed for compliance (permits, EMC bylaws) with professional install and training

Storefront Signage

Storefront signage is your first impression—clear, on-brand signs turn drive-bys into walk-ins. From fascia signs and channel letters to projecting/blade signs and window graphics, we design for visibility, durability, and local bylaw compliance.

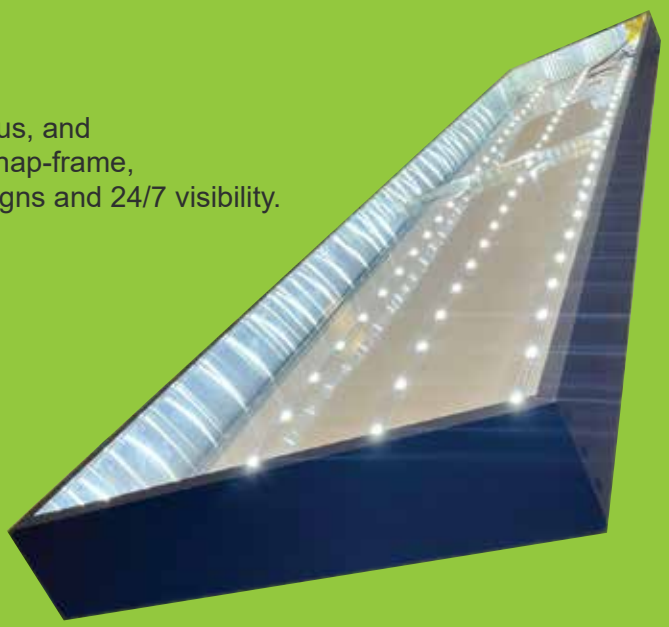

Key benefits:

- Increases curb appeal and brand recognition
- High visibility day and night (non-lit and illuminated options)
- Built for Canadian weather with durable materials/finishes
- Customized to your building, brand, and permitting needs
- Wide range of formats: flat panels, dimensional letters, cabinets, blade signs, window/door vinyl

LED Sign Boxes

LED light boxes deliver bright, even illumination for posters, menus, and promotions in a slim, modern frame. Graphics swap in seconds (snap-frame, magnetic face, or SEG), making them perfect for seasonal campaigns and 24/7 visibility.

Key benefits:

- Uniform, eye-catching illumination that boosts readability
- Energy-efficient, long-life LEDs with low heat output
- Slim profile with clean, contemporary look
- Fast graphic changeouts to refresh promotions
- Wall, ceiling, or freestanding options; single or double-sided

ZEEBON SIGNS

Installation

From storefront panels to channel letters, pylons, and digital displays, our install team handles everything from the first site survey to the final clean-up. We plan for safety, visibility, and longevity coordinating permits and electrical where required so your sign goes in right the first time with minimal downtime.

Service & Maintenance

Keep your signage looking sharp and performing at its best with our dedicated service and maintenance programs. From LED replacements and cleaning to structural checks and repairs, our team ensures your investment continues to deliver impact year after year. We offer scheduled maintenance plans as well as on-call service for urgent needs.

Vehicle Wraps & Graphics

Full and partial wraps turn your vehicle into a mobile billboard with continuous, high-impact exposure. We design, print, and install on cars, vans, trucks, and trailers—aligning panels, seams, and contours for a factory-clean finish with UV-laminated durability.

Key benefits:

- Massive reach with the lowest cost-per-impression in outdoor media
- Protects OEM paint; removable when it's time to refresh or sell
- Full, partial, and spot-graphics options to match any budget
- Premium films (matte, gloss, satin, textures) with UV laminate
- Perforated window film and reflective accents available
- Professional templates, color-accurate proofs, and certified installation

Full Wraps

ZEEBON SIGNS

Dimensional Lettering & Logos

ASK US ABOUT ILLUMINATION OPTIONS

Dimensional lettering creates a bold, eye-catching presence for your business, adding depth and sophistication that flat signage can't achieve. Available in avariety of materials such as acrylic, metal, or foam,dimensional letters can be customized to match your brand's style and installed indoors or outdoors. This premium option is ideal for storefronts, offices, and feature walls that need to make a lasting impression.

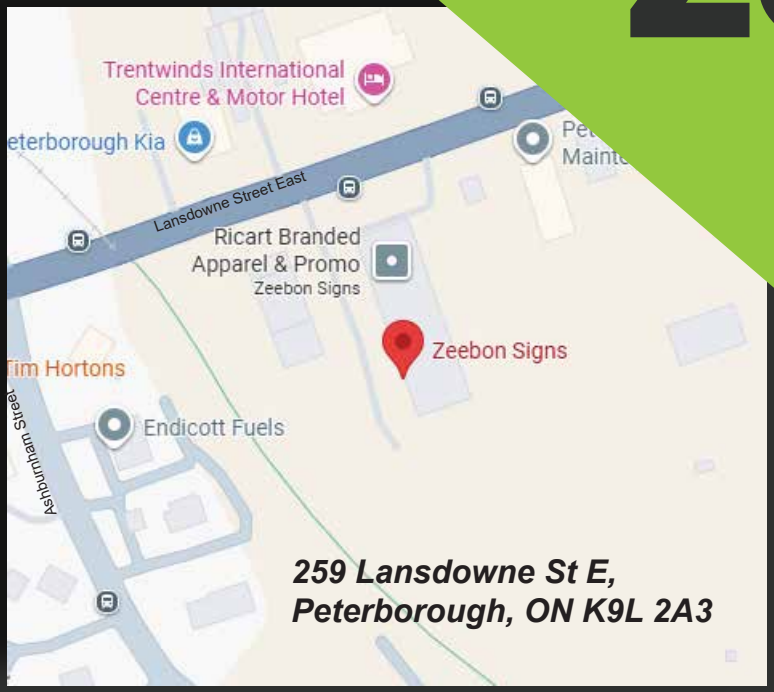

Key benefits:

- Professional Impact – Adds depth, shadows, and texture for greater visibility.
- Indoor & Outdoor Durability – Weather-resistant options available for long-term use.
- Versatile Applications – Perfect for lobbies, exterior walls, storefronts, and displays.
- Customizable Styles – Halo-lit, face-lit, edge-lit, or combination effects available.
- Energy-Efficient LEDs – Bright, reliable illumination with reduced power costs.

About Zeebon Signs

At Zeebon Signs, we bring bold ideas to life through creative, high-quality signage that makes your business stand out. Proudly serving Peterborough, Kawartha Lakes, Durham Region, and Eastern Ontario, we specialize in everything from storefront signs and vehicle wraps to LED retrofits, tradeshow displays, and custom graphics. Every project is built on precision, craftsmanship, and a dedication to helping our clients shine in their communities.

What sets Zeebon Signs apart is our commitment to collaboration and detail. We take the time to understand your vision, your brand, and your goals—transforming them into signage that not only looks great but also drives results. With modern equipment, bold design, and years of experience, we create solutions that are as functional as they are eye-catching.

Our team is passionate about building long-lasting relationships and supporting local businesses with signage that works as hard as they do. Whether you need a simple window graphic, a striking vehicle wrap, or a full signage program, Zeebon Signs is here to deliver creativity, quality, and impact—every time.

Why Choose Us?

1. Full-Service Solutions

From design and fabrication to installation and maintenance, Zeebon Signs offers end-to-end services under one roof. Customers don't have to juggle multiple vendors—we handle it all with consistency and quality.

2. Bold Branding & Creative Design

We specialize in signage that doesn't just fill space—it makes an impact. Our creative team ensures every project reflects your brand identity while standing out in today's competitive marketplace.

3. Local Expertise, Regional Reach

Rooted in Peterborough and serving Kawartha Lakes, Durham Region, and Eastern Ontario, we understand the unique needs of local businesses while delivering the polish and professionalism of a big-city shop.

4. Quality Materials & Modern Technology

Using the latest printing, CNC cutting, and LED technology, we build signs that last. From durable vehicle wraps to energy-efficient LED retrofits, our materials are chosen for performance and longevity.

5. Customization Without Limits

No two businesses are the same—and neither are their signs. We offer custom solutions tailored to your vision, whether you need a one-of-a-kind storefront, an eye-catching trade show display, or a fleet of wrapped vehicles.

6. Relationship-Driven Service

We pride ourselves on being approachable, reliable, and invested in our clients' success. Many of our projects come from repeat customers and referrals because we treat every job like a partnership.

7. Rapid Turnaround with Attention to Detail

We balance efficiency with craftsmanship, ensuring your project is completed on time without cutting corners on quality.
